Basmati rice extra-long grain Cultivation:

[Basmati Rice in Pakistan](#) is harvested only once a year, and the plant needs unique weather conditions to grow and thrive. Since it is longer than other rice grains, it is more susceptible to wind damage. Its delicate makeup explains the need for constant diligence and care on the part of the farmer, while also allowing the plant to evolve its complex and distinctive flavor and characteristics. When compared to ordinary

long grain rice, its premium quality reflects this relentless love and affection. Himalayan Chef Extra Long Grain Basmati is cultivated in the foothills of the Himalayas making it the best organic rice in Pakistan.
